## FIFTY PEOPLE WERE KILLED

### Pennsylvania Express Train Runs Into a Dynamite Train.

### Fire That Resulted Incinerated Many Victims at Harris- burg, Pa.

Harrisburg, Pa., May 11.—An express train of the Pennsylvania railroad ran into a freight train in which there were two cars loaded with dynamite, at South Harrisburg. Three terrific explosions followed and the two trains were completely wrecked and took fire. It is estimated that fifty persons were killed and one hundred injured, though these figures may be too small.

It is impossible to ascertain the exact number of fatalities, because the wreckage was completely consumed and many of the passengers were incinerated.

When the first explosion occurred bodies were thrown clear out of the cars, many landing down on the railroad embankment, and some even having been hurled into the Susquehanna river, which parallels the railroad in that locality.

The train was the second section of No. 19. There were 169 passengers in the train. The hospital is crowded to the doors and the hotels were opened for the care of the injured. It may be necessary for the authorities to seize one of the hotels and turn it into a temporary hospital.

The force of the collision crushed all the passenger cars, which piled up in a huge mass with those of the freight. Instantly the two trains were masses of flames. With the crash the passengers were hurled in all directions. Many were tossed free of the wreckage. All who were not pinned in the debris or totally incapacitated, ran away from the wreck, which was a perfect volcano of flames, from which came frequently small explosions. It was impossible at the time for those who escaped uninjured to reach the imprisoned passengers, whose cries rent the air and could be heard for blocks. As soon as some of the dead and injured were reached they were laid in long, ghastly rows along the tracks.

## A STORK IS THEIR EMBLEM

### A Club is Formed in Northern Indiana to Carry Out Roose- velt's Idea.

Wanatah, a town of 800 inhabitants in Laporte county in the northern part of this State, has an organization for the purpose of popularizing the ideas of President Roosevelt on the race question. The club was supposed by the residents of the town to have been organized for purely social purposes, but with the remarkable increase in the birth rate in the families of the members the true purpose of the organization began to be suspected. Public statements have now been made that the club was organized to popularize President Roosevelt's ideas on the race question, and that the club was organized to have a reactionary effect on the general tendency of the times. The emblem of the society is the stork, and President Roosevelt will be requested to suggest a motto.

## ALFALFA EXPERIMENTS

Will be Conducted at the State  
Fair Grounds This  
Year.

James J. Kingsbury, editor of the Indiana Farmer, will conduct experiments on the State Fair grounds this season in growing alfalfa, cow peas and similar crops in which the farmers of Indiana are especially interested. About an acre of ground in the southeast part of the fair grounds will be used for the experiments. The soil will be inoculated with bacteria obtained from the government. The purpose is to show what extent the soil of Indiana is adapted to these crops, and the result of the experiments will be witnessed by the farmers who attend the State Fair. This is the first time anything of the kind has been undertaken on the Indiana grounds.

## CARS WILL MAKE VERY FAST TIME

### Experiments on I. & C. by West- inghouse Men Prove This.

Experiments made within the past two weeks by the Westinghouse Electric company's representatives in this city with the I. & C. cars show that the cars are capable of making 55 miles per hour while running as in regular service with the usual stops.

A representative states that the limited cars will easily make sixty miles per hour when the roadbed is placed in proper condition.

If the cars running on the line present can make fifty-five miles per hour on the track as it is now, it may be taken as a good indication that the schedule will soon be reduced to a considerable extent. It is the intention to lower the schedule, according to the officials, just as soon as the work on the viaducts at the other end is finished. This, it is thought, will be done about the middle of June. At that time a car will leave each terminal every hour and will make the entire distance between this city and Indianapolis in one hour and forty minutes.

## WELL WILL SOON BE FINISHED

### M. J. O'Connell Talks Concern- the Buena Vista Oil Well.

M. J. O'Connell, of Andersonville, the gentleman who is drilling the test oil well near Buena Vista and who is promoting the Buena Vista, Oil, Gas Stock and Mineral Company, was in the city yesterday and in conversation with a representative of the Republican said that the drill is down 265 feet in Trenton rock and that the indications for oil were never better.

"We intend," said Mr. O'Connell, "to go down about 325 feet in Trenton rock. We will finish up in three or four days and shoot the well. We have leased 750 acres more land and have leased practically all the land around Buena Vista and will not attempt to lease any land farther out. We will sell more stock during the remainder of this week but will cease selling stock on Saturday evening. The present price of the stock is 65 cents."

Although Mr. O'Connell seems to entertain high hopes of oil discovery many people in this city are inclined to believe that there is very little oil in Franklin county. Mr. O'Connell says that he will continue his search for oil even though this first well should prove a failure.

## CITY'S RIGHT ESTABLISHED

### Can Fix Extra Tax on Auto- mobiles if it so Desires.

### Anderson Official's Views are Not Well Founded—What State Officers Say of Matter.

The opinion of City Attorney Campbell, of Anderson, that the city may not collect a license fee for automobiles under the new automobile law is not thought to be well founded at the office of the Secretary of State, where the fees for State licenses for automobiles are being paid. At this office it is held that the new law does not in anyway interfere with the right of a municipality to collect a license on any automobile owned by a resident of the city.

The law itself, after setting forth the requirements as to initials and number of State license, says:

"And no other designating mark shall be required by any city, town or other municipality, nor shall any city, town or municipality require the payment of any license upon any motor vehicle or by the owner thereof, unless such owner reside in such city, town or municipality."

At the office of the secretary of State it is argued that the law is as clear in giving the cities the right to tax the automobiles of its residents as it is clear in prohibiting cities from requiring any designating mark, in addition to the one required by the State.

Rushville has no special vehicle license and probably will not have one for some years to come.

## PREPARING FOR THE LOG ROLLING

### The Modern Woodmen Will Meet at Seymour in Septem- ber.

From September 4th to 9th the annual log rolling of the Modern Woodmen of the State will be held at Seymour and the lodge in that city is making preparations for an unusually lively time. In connection with the encampment there will be a carnival. On Labor day William Jennings Bryan will be present and will deliver an address. On Thursday, Woodman Day, A. R. Talbott, head consul of the M. W. A., will speak.

## CLUB ELECTS ITS OFFICERS

### Wednesday Evening Club Will Give a Banquet on June 14th.

The Wednesday Evening club at its meeting last night in the office of Watson Tittsworth & Green, elected the following officers for the season of 1905-6: Rev. W. P. McGarvey, president; J. H. Scholl, vice president, and Rev. W. W. Sniff, secretary and treasurer. The club decided to give a banquet on the evening of June 14th. Rev. V. W. Tevis read a paper on the life of U. S. Grant, and B. F. Miller led the discussion.

## BOOSTERS' CLUB

Cigar Store Product Gives Sys-  
tematic Aid to the  
Churches

Bloomington, Ill., May 11.—There is a unique organization at Normal, the educational suburb of this city. It is known as the Boosters' club and holds a meeting at a local cigar store every Sunday morning at 9:30 o'clock. The members then vote upon some church for attendance at the morning service. The church receiving the largest vote is selected and the club marches in a body to that edifice. When the contribution basket is passed each member must contribute \$1. As the membership of the club is fifty-five, the distribution of money is always an important item to the church chosen for attendance.

The members are non-church-goers and they have been accustomed to spending Sunday morning talking politics and smoking. A recent suggestion to reform and attend divine service in the manner indicated met with an enthusiastic approval.

## Additional Local News.

The annual May meeting at Acton was held Tuesday. The Chautauqua opens July 26th and closes August 15th. A holiness meeting will begin on August 18th and continue until August 28th. The officers of the Acton Association predict a better program for the season of 1905 than any that has been offered in previous years. The officers for the year are: Rev. C. E. Bacon, D. D., Presiding Elder; Rev. J. W. Dashiell, D. D., president; Rev. E. L. Dolph, D. D., vice president; Rev. L. G. Akin, superintendent; Mrs. Hattie M. Paine, secretary, and Rev. D. Robertson, treasurer.

In speaking of the arrest of Alonzo Rice, the Shelby county poet, an account of which was published in the Indianapolis Star, the Shelbyville Republican says: Alonzo Rice, who is known as "Shelby County's Poet," arrived in Shelbyville Tuesday afternoon on the 1 o'clock interurban car. Lon came to this city "right side up," "handle with care," etc., and was in good condition. On being asked for an explanation, he stated that the article appearing in the Star was a joke which was performed on him by two of his friends, W. M. Fogarty, clerk of Indianapolis, and Gran Hack, deputy prosecuting attorney of the same city. Lon was here until Tuesday evening when he went to his home in Union township. He did not admire the joke, as they pleased to term it.

Shelbyville Democrat: The Rushville High school base ball team is scheduled for a game in this city next Saturday with the local high school team. If Jupiter Pluvius will cease his active campaign and allow Old Sol an opportunity to dry up the diamond a stiff game is promised. An effort is being made to secure a special car for the Rushville team and rooters. If a sufficient number can be induced to accompany the team a rate will be given by the railroad company and the Rushville crowd will leave their home at 7:55 and will return at 5:35 in a special car. A number of those who expect to accompany the team will remain over night and a dance will be given at the Hils' hall in the evening in honor of the visitors.

Connersville Examiner: The bank at Arlington, Rush county, which closed its doors Monday morning, is said to be perfectly solvent, the trouble being caused by the fact that the concern had loaned so much of its funds that it did not have money enough on hand to meet the demands of depositors who had started a run on the bank. It is said the concern's loans are all gilt edge, and that as soon as arrangements are made to realize on some of these loans that the depositors will be paid dollar for dollar. Such statements are generally made during the first days of a bank's close, but later it usually develops that the concern is not able to realize on its loans, and as the days go by its condition grows worse. It is hoped that this will not prove true in this case, although it is said that the deposits only amount to \$11,000, and this is scattered among so many depositors that the blow will not be so severe on any individual in case the bank should not realize a dollar on its loans.

## THE NATION IS BACK OF STATE

### President Roosevelt's Ad- dress Touches on Strike Situation.

### In Urging the Need of Law and Order He Gave the Word With Bark on it.

Chicago, May 11.—Rarely before in this city has such genuine enthusiasm been evoked as was awakened by President Roosevelt at the conclusion of his speech at the Iroquois club banquet last night. As he announced the fact that behind the state the nation would stand for the preservation of order in Chicago, wild cheers and the vigorous clapping of hands interrupted him for several minutes.

In concluding his address the president said: "This government is not and never shall be the government of a plutocracy. This government is not and never shall be the government of a mob. [Great applause.] I believe in corporations. They are indispensable instruments of our modern industrialism, but I believe that they should be so supervised and regulated that they would act for the interest of the community as a whole. So I believe in unions. I am proud of the fact that I am an honorary member of one union, but I believe that the union, like the individual, must be kept to a strict accountability to the power of the law. [Applause and cheers and cries of "Good, good!"]

Mayor Dunne, as president of the United States and therefore as the representative of the people of this country, I give you as a matter of course my hearty support in upholding the law, in keeping order, in putting down violence, whether by a mob or by an individual. And there need not be the slightest apprehension in the hearts of the most timid that ever the mob spirit will triumph in this country. [Cheers.] Those immediately responsible for dealing with the trouble must, as I know you feel, exhaust every effort in so dealing with it before call is made upon any outside body. But if ever the need arises, back of the city stands the state and back of the state stands the nation." [Cheers.]

When the president brought his address to a close his auditors shouted, cheered and waved their napkins in approval. Some of the guests, carried away with enthusiasm, jumped on the tables heedless of linen and china and glassware and sent forth cheer after cheer.

Mayor Dunne, profoundly moved by the words of the president, sprang from his seat and grasped the president's hand, which he shook vigorously while he expressed his gratitude. For fully ten minutes the hall rang with the applause, while both Democrats and Republicans gathered around the president to offer their congratulations on his speech. Smiling and bowing in response to the congratulations showered upon him, the president, attended by President Gunther and the members of the reception committee of the hall, slowly made his way from the hall to his rooms to prepare for his departure from the city. Thirty minutes after midnight the president's train pulled out of Chicago, en route to Washington.

## THE MEETING IS POSTPONED

### Auditing Committee Has Not Yet Finished Examining Bank Books.

The meeting of the creditors of the Arlington bank which was to have been held at 1 o'clock this afternoon in the Red Men's hall had to be postponed for the reason that the auditing committee appointed at the meeting on Tuesday morning has not yet finished its examination of the books. The creditors will meet Monday to hear the report. As far as can be learned the committee is finding things just as the bankers have stated.

## CIGARS DO NOT ANSWER

Pipes are Being Adopted by  
Former Users of  
Cigarettes.

"The average cigarette smoker does not care much for a cigar," said a local tobacco dealer, this morning. "He finds nothing pleasing in the flavor of a cigar, and the effect is not the same. He can not inhale cigar smoke with any degree of comfort and take it all in all he has no use for the product of a Havana. The pipe is the substitute he employs because in the pipe he can use the same kind of tobacco he has been accustomed to using in cigarettes and he can inhale the smoke as readily as if he was smoking one of the paper cylinders. Our sales in pipes have practically doubled and there is no falling off in the sale of cigars."

## THE DEATH OF DR. J. H. FORD

### Former Rushville Minister Dies at His Home in Indiana- polis.

Word has been received here of the death of Dr. J. H. Ford which occurred at 9:15 last night at his home on West New York street and which resulted from paralysis.

Dr. Ford was for four years pastor of St. Paul's M. E. church, this city, going from here to Madison and then to New Albany. While at New Albany he was stricken with paralysis and was forced to leave the pulpit. He located in Indianapolis and slowly improved. He suffered his second stroke while preaching at Greenwood. He had been gradually declining and his daughter, Mrs. Albert Miller, of this city, was at his bedside at the time of his death. He was about sixty-five years of age. The funeral services will be held at Jonesboro on Saturday.

## THE GLENWOOD COMMENCEMENT

### Will be Held on May 23d— Nine Graduates in the Class.

The annual commencement exercises of the Glenwood high school will be held at the U. P. church in Glenwood on Tuesday evening, May 23d, 1905.

The baccalaureate sermon will be preached by Rev. T. J. Anthony at the M. E. church in Glenwood, on Sunday, May 21st.

Nine young people will graduate this year, and their names are as follows:

Ora Gray,  
Paul Daubenspeck,  
Willie Chew,  
Ruth Chew,  
Anna Holden,  
Emma Geise,  
Fred Guffin,  
Daniel Geise,  
Clarence Gray.

The motto of the class is, "Labor Omnia Vincit."

Class flower, red rose.

Class colors, purple and gold.

The class address will be delivered by Senator E. E. Hendee, and music will be furnished by the Glenwood orchestra. The following is the program of the graduating exercises:

Invocation, Rev. R. P. Cooke.  
Music, orchestra.  
Class address, Senator E. E. Hendee.  
Music, orchestra.  
Presentation of diplomas, Supt. W. O. Headlee.

Music, orchestra.

Benediction, Rev. T. J. Anthony.

The teachers of the Glenwood school are, Prof. Alfred Hall, principal; Malissa Thumb, intermediate; Mrs. Alfred Jeffrey, primary.

## ANOTHER WAY TO BEAT LAW

### Tobacco Trust Hits Upon a New Plan—May be Reach- ed by Law.

### As are Schemes by Illicit Retail- er—the Notices and Ad- vertisements.

Rushville tobacco men are of the opinion that a most aggressive war is about to be made upon the Indiana cigarette law by a new plan hit upon by the manufacturers.

The tobacco trust is advertising through the newspapers and on the bill boards that it is prepared to ship cigarettes to Indiana smokers in any quantity desired.

The supreme court of the United States has decided a case relative to sending into the State of Tennessee packages containing ten cigarettes, holding that such a package is not an original package, and one sending such a package into a State is liable under the police law of the State regulating the sale of cigarettes. The decision of the United States supreme court boiled down, says this:

"Tobacco is a legitimate article of commerce and courts cannot take judicial notice of the fact that it is more obnoxious in the form of cigarettes than in any other form."

"Tobacco is, like intoxicating liquors, within the police powers of the State."

"States can prohibit the sale of cigarettes, entirely after they are taken from original packages."

"A package of cigarettes three inches long and one-half inches wide, containing ten cigarettes, is not an original package."

The notices sent out and posted up in the city from cigarette manufacturers that consumers could safely get them from the manufacturers and use them and thus avoid the law, may get some into trouble. From this decision of the supreme court, it clearly appears that the seller will be liable to prosecution and certainly the fact that a person had purchased from the factory would not render him less liable to prosecution for smoking or having in his possession cigarettes, than he would be if purchased from a local dealer. The best way to avoid prosecution is to obey the law.

## BASE BALL

Tomorrow afternoon the high school base ball team will meet the strong "Silent Hoosiers" team from the Deaf and Dumb Institute at Indianapolis. The team defeated the locals here several weeks ago in an eleven inning contest. Rushville will make every effort to win tomorrow and will line-up as follows: Geraghty p, Punteneey c, Brecheisen 1 b, C. Stiers (Capt.) 2b, Brown ss, E. Stiers 3rb, McGuire lf, McDaniel cf, and Aldridge rf; substitutes, Derringer, Pearsey, Green, Berry, Denning and Wagener.

Greensburg Review: "When the new base ball team is organized, what would be more pleasing to the fans than to have a try-out with our old-time rivals, the Rushville club? While last season the Reds had considerably the best of the games played, the contests never lacked interest, and, without a doubt, proved the best attraction of any of the games that were played. Rushville's line-up this year is a strong one, and as we will have as good, if not better, the game could be nothing but a spirited one." You may rest easy, Greensburg, for Rushville will probably be your first opponent. Arrangements for a game to be played next Thursday at Greensburg are being considered by Managers Geraghty and Miller.

CAMP OF INSTRUCTION

Indiana National Guard Preparing for Maneuvers.

Indianapolis, May 11.—Quartermaster General Oran Perry announced today that the annual camp of instruction of the Indiana national guard will be held on the army post site northeast of Indianapolis. The companies will go into camp Aug. 2 and remain for ten days. It is not known as yet what army officers will be assigned to inspect the companies on behalf of Uncle Sam. The Indiana militia has attained a point of perfection almost undreamed of a few years ago. It is well uniformed and finely equipped in every way. There will be between 3,000 and 4,000 men in camp and the maneuvers will attract lots of attention among the friends of the guard. This will probably be the last time the encampment will be held on the army post grounds, as the government will have its buildings up there within a year.

Although ex-Mayor Charles A. Bookwalter has not formally announced his candidacy for renomination, one does not have to be knocked down with a club to know that he is already very actively engaged in lining up his forces for the primaries. He delivered an address before the deputy township assessors here, telling them

briefly some of the good points of his administration. If he hadn't handed around a box of cigars at the finish it would not have looked so much like a candidate's effort. Bookwalter avows that he will show some of his enemies that he is far from a political dead one. It is evident, however, each day, that the Stalnaker forces are getting a more solid alignment and that the former mayor is going to have a hard fight for his life. It is probable the nominating primaries will be held some time in June. Bookwalter no longer controls the machinery, so he will not be able to hold them whenever he gets ready, as was the case two years ago, when hundreds of Republicans begged him for a little time in which to make a canvass. The campaign is starting off under much different circumstances, and the old ring does not seem to be in it very strongly.

A determined effort is being made here for the erection of a local hospital for treatment of consumptives. The city health board has had the matter under consideration for several months, but was unable to get a meeting with the county commissioners until today. The result is not known, but it is very likely that it will not be long before the institution is started. The death rate from consumption was frightfully large here last year, especially among the negroes, who seem more susceptible to the disease than the whites. Local health officers are confident that a hospital for treatment of the disease would not only save many lives, but result in more interest being shown in the efforts to teach the public how to prevent and fight the disease. Several other large cities have movements looking to the building of hospitals for consumptives, and during the recent session of the legislature the appointment of a commission to investigate the situation and report on the need of a state sanitarium for consumptives was authorized.

**Harriman Beaten by Gates.**

Kansas City, May 11.—The fight for control of the Kansas City Southern railway has been made, and important changes in the management and plans for the future conduct of the property have been made. It is stated that what is known as the Holland interests and John W. Gates have secured control of the stock held by E. H. Harriman. These new interests in control will at once extend the lines from Shreveport, La., to New Orleans.

**Cassini's Successor Named.**

St. Petersburg, May 11.—The transfer of Count Cassini to the embassy at Madrid and the nomination of Baron Rosen to succeed him as ambassador to the United States is officially confirmed here. The transfer is precipitated by the resignation of M. Schevtsch, the ambassador to Madrid, who has retired from the diplomatic service and been made a member of the council of the empire.

**Squirrel Cost Him \$47.**

Vincennes, Ind., May 11.—Because Fred Vantling killed a squirrel in violation of the game law, he was fined \$47 by Justice Fiffe. County Councilman George L. McCoy swore to the affidavit causing Vantling's arrest. Vantling paid his fine, which was the heaviest ever given anyone for violating the game law in this county.

**Hummel's Trial Set.**

New York, May 11.—The trial of Lawyer Abraham Hummel, who is under indictment on charges of conspiracy and subornation of perjury in connection with the Dodge-Morse divorce, has been fixed to begin in the criminal branch of the supreme court on June 5.

**BEAUTIFUL MEMORIAL**

**Plans for McKinley Mausoleum Formally Adopted.**

New York, May 11.—The trustees of the McKinley National Memorial association have formally approved the design for a mausoleum submitted by H. VanBuren McGonigle. At present the body of President McKinley is in a public vault in West Lawn cemetery, Canton. The association has purchased a tract of land adjoining the cemetery which will be known as Monument Hill. The approach to the hill, which is seventy-four feet high, called "The Mall," which is 600 feet in length, will be beautified at an approximate expense of \$50,000. Along the middle of this mall with a wide walk on either side, will be a "waterway" or artificial lake. A broad and massive flight of steps will lead from the foot of the hill up to and in fact form part of the mausoleum. From the foot of the hill to the top of the mausoleum the height of the stone structure will be in the neighborhood of 175 feet.

The mausoleum will in general resemble the tomb of General Grant. The main feature will be a dome about 75 feet in diameter and 100 feet high. The structure will be of granite, but the interior will be finished in white marble. The entire cost will be in the neighborhood of \$500,000.

**Look Out for These Swindlers.**

Chicago, May 11.—Two or more men using the names Anderson, Craft and Todd have been engaged fraudulently for two months in soliciting subscriptions for magazines and other periodicals in the name of the American Press Association as subscription agent. They have operated here, in Omaha, Council Bluffs, Sioux City and other places. At an earlier date they had worked the Eastern states. The American Press Association is not a subscription agency; anyone soliciting subscriptions in its name is necessarily a swindler.

## MUST PAY SHERIFF

**Appellate Court Decides Question of Board of City Prisoners.**

### JUDGMENT AFFIRMED

**Sheriff Secured Judgment Against City and Higher Court Says It Is Good Law.**

**It Is Held That Municipalities Must Provide for City Prisoners.**

Indianapolis, May 11.—The appellate court has held that where a city controlled by a metropolitan police board used the county jail as a station house it must pay the sheriff for boarding persons arrested by the city police during the time they would have been in the station house if the city had one. The judgment recovered by the sheriff of Howard county against the city of Kokomo for meals furnished to prisoners during the time they were held under arrest without having been formally charged with crime and committed on the warrant of a court, was affirmed. The court said that the law makes it the duty of a city to provide a station house and to feed the prisoners brought there by the police, and that while it has power to do this by renting the county jail for that purpose and paying the sheriff for feeding the prisoners, it must in any case provide the station house and the meals.

**PRESIDENT HEARD PROTEST**

**And Then Said There Was No Talk of Sending Troops to Chicago.**

Chicago, May 11.—A strongly worded protest against the sending of federal troops to Chicago was submitted to President Roosevelt during his stay here. Charging that the employers have repeatedly spurned the request of the labor leaders for arbitration, the protest declares the employers openly boasted that federal troops would back up the employers' side of the controversy.

"Peace," says the protest of the labor leaders, "rests not upon the militia or the army, but upon the patience and long suffering of the toiling mass. Can a few soldiers scare the men who make armies and who compose the flower of American manhood?" declaring that the workers will abide by the decision of an arbitrator, even should that decision fall to be all that might be hoped for. The appeal to the president closes with the request that he consider all the facts in the case before he permits any abuse of federal power in complying with a request for troops.

The committee presenting the protest was received by the president in person at the Auditorium Annex. The members of the committee expressed themselves as gratified at their reception by the president. The president told them that no demand had been made upon him for the use of troops in Chicago. In concluding the interview the president said: "I am a believer in unions. I am an honorary member of one union. But the union must obey the law just as every man, rich or poor, must obey the law. As yet no action has been called for by me, and most certainly if action is called for by me I shall try to do exact justice under the law to every man, so far as I have power. But the first essential is the preservation of law and order, the suppression of violence by mobs or individuals."

During the luncheon at the Merchants' club yesterday afternoon, Mayor Dunne and President Roosevelt had an extended talk in which the strike situation was discussed. The mayor explained the present situation in the city and told of the measures taken to preserve peace and order. The president was much interested in what the mayor had to tell him. Mayor Dunne told the president that the most alarming stage of the strike has passed and that the police have control of the situation, while the merchants are making peaceable deliveries of their goods under the protection of the police and deputy sheriffs. The mayor also informed the president that there is no need for federal aid in Chicago at the present time and expressed the opinion that the strike will gradually subside until normal conditions are resumed.

**PRESBYTERIAN BENEVOLENCES**

**The Largest Contributions in the Church's History Reported.**

Auburn, N. Y., May 11.—Rev. W. E. Hubbard, secretary of the special committee on systematic beneficence of the Presbyterian church of the United States, has received the financial reports of the income of the eight boards of the church for the year ending May 1, 1905. The total income of the boards is the largest ever reported to the general assembly of the church. The aggregate is \$3,263,755, divided as follows: Foreign missions, \$1,161,919; home missions, \$867,017; education, \$119,105; Sunday school boards, \$156,732; church erection, \$91,076; ministerial relief, \$273,628; freemen's missions, \$189,654; college boards, \$405,624.

Seven of the eight boards will report this year the largest annual income in their history at the meeting of the general assembly at Winona, Ind., May 13.

## COULDN'T BE GOOD

**Despite Agreement, Rioters Forget President's Presence.**

Chicago, May 11.—It was generally understood by both sides to the strike that there would be no disturbance while President Roosevelt was in the city yesterday afternoon and last night. Notwithstanding this passive agreement, there were several outbreaks, one of them taking place in Michigan avenue a short time after President Roosevelt had passed along, and a number of men were cut and shot.

The fight commenced when five union teamsters recognized Joseph Stewart, colored, as a non-union driver. They rushed at him and he started on a run for the non-union headquarters. He tripped and fell just as he entered the door and called for help. A score of his comrades answered and a pitched battle followed at once. One of the five union men drew a revolver and fired, striking Stewart in the leg. Two other colored men were hurt in the scrimmage. The teamsters were beaten by the colored men and compelled to fly.

George S. Pierce, a union teamster, was shot and killed last night by Geo. T. Waldron, a deputy sheriff, who was guarding a Wells-Fargo Express company wagon. Pierce was passing the intersection of Clark and Seventeenth streets when the wagon under guard of several deputies, among whom was Waldron, came down Clark street. Waldron was formerly a member of the teamsters' union and Pierce taunted him with his change in employment. Angered by the language of Pierce, Waldron drew a revolver and fired one shot, the bullet striking Pierce just above the heart. He died while being taken to the hospital. Waldron was arrested.

There were several other instances of stone throwing, but compared to what has existed in the streets for a week past the situation was mild indeed.

The employers' association is steadily increasing its force of non-union men, and to day it is said has fully 2,000 men ready to take charge of the wagons. Advertisements have been inserted in the out-of-town newspapers for workmen. This call for help has met with quick responses from the country districts.

**A Listless Derby.**

Louisville, Ky., May 11.—Moving with a long, stealing, effortless stride, Agile, Captain S. S. Brown's beautiful bay colt, passed under the wire an easy winner over a slow track of the thirty-first Kentucky Derby. Three and a half lengths behind him came Ram's Horn, on whom the hopes of Tennessee and the bluegrass horsemen were fixed. Trailing fifteen lengths to the rear came Layson, from the stable of T. P. Hayes. With but three starters it was a one-horse race. The time for the mile and a quarter was 2:10½. Nearly 20,000 people saw the race run.

**Election of Officers.**

French Lick Springs, Ind., May 11.—The American Water Works association in session here elected the following officers: Ben C. Adkins, St. Louis, president; Charles T. Rowe, Dayton, O., first vice president; Dabney H. Maury, Peru, Ill., second vice president; George H. Felix, third vice president; John B. Helm, fourth vice president; Alex. Mill, fifth vice president; John M. Diven, secretary-treasurer.

**Indiana Priest Honored.**

Rome, May 11.—The Rev. Thomas Weikert, O. S. B., of St. Meinrad, Ind., has been appointed by the pope a member of the biblical commission.

**TERSE TELEGRAMS**

It is reported that thirteen Jews were killed in riots at Melitopol, in the government of Taurida, Russia.

The Kentucky derby was won by Agile by three lengths; Rams Horn second; Layson third; time, 2:10½.

A lockout and tieup of the coal mines may be the result of the passage by the Illinois legislature of the shot-firers' bill.

The Connecticut legislature in joint session formally declared Frank B. Brandage elected United States senator for the unexpired term of the late Senator O. H. Platt.

Baron de Rosen will be the successor to Count Cassini as ambassador of Russia to the United States. The latter has been ordered to Madrid by the czar.

Ex-Governor Stone of Pennsylvania has submitted a proposition that the Keystone state be divided in two, that the western half may be relieved from Philadelphia's domination.

The headquarters of the Ohio division of the rural fire delivery in Cincinnati will be removed to Indianapolis July 1. The division includes Ohio, Indiana and Kentucky.

**Looks Like Suicide.**

New Haven, Conn., May 11.—Arthur Haserot, a Yale senior living in Cleveland, O., was found shot to death in his room in Welch Hall, one of the campus dormitories, and an investigation into the case is being conducted. Medical Examiner Bartlett stated that he believed death was the result of accident or suicide. A revolver was found near Haserot's side and there was a bullet wound in his head.

**Enters on His Sentence.**

Anderson, Ind., May 11.—Emanuel Lowenstein of Lafayette was taken to the Michigan city prison to serve a sentence for manslaughter. He pleaded guilty to killing Henry Stivers at Muncie.

## Practical Recipes

For the Housewife

### BAKING POWDER BISCUITS.

Use 3 heaping teaspoons baking powder. Rub this with your hands—not a spoon—into a quart of flour thoroughly. Then rub in a heaping tablespoonful of butter or lard in the same manner you did the baking powder until well mixed. After adding a teaspoon of salt, if lard is used, add milk or water sufficient to make a soft dough. Roll and cut out quickly, placing them at once in a very hot oven. This latter is important. Unless the oven is very hot they will not be a success.

### CHARLOTTE RUSSE.

Cover ½ box of gelatine with cold water; add enough boiling water to dissolve it; whip a quart of cream; add carefully ¼ cup powdered sugar, 1 teaspoon of vanilla and strain in the gelatine; commence to stir immediately and stir until it begins to thicken; line your dish or mold with lady fingers soaked in sherry; then pour over the mixture. Let harden.

### BAKED VEAL HAM.

Bone a breast of veal; chop the meat very fine; chop an equal quantity of cold boiled ham, and boil 6 eggs and chop fine. Butter a deep pan. Put in a layer of veal, sprinkle with salt, pepper, thyme and anchovy or Worcestershire sauce, and then a layer of ham sprinkled with the egg. Fill the dish with alternate layers. Use both fat and lean of the ham. Cover and bake slowly 4 hours. When done, lay on it a heavy weight. Serve in thin slices.

### GELATINE PUDDING.

One ounce gelatine, 1 pint cold milk; set on range and let come slowly to a boil stirring occasionally; separate the yolks and whites of 6 fresh eggs; beat the yolks well and stir slowly into hot milk; add ½ a pound of granulated sugar; when quite cold stir in a quart of whipped cream, flavored with vanilla and lemon extract mixed; have the whites of eggs beaten very stiff and stir in the last thing; pack on ice.

### OLIVE OIL TESTS.

How You May Tell the Pure From the Impure.

In selecting olive oil both the eye and the palate must be consulted. 1. olive oil is dark in color or possesses the least bad odor it may be condemned at once. Good oil should be bright and of a fine golden color and possess a delicate taste of the fruit, says the Pittsburg Press. The oil obtained from unripe fruit has a greenish shade and a rough, peppery taste. Overripe olives yield a very pale oil, deficient in flavor and, if not already rancid, liable to be come so.

Under the influence of cold fine olive oil loses its brightness and turns cloudy, but this natural phenomenon is of no moment whatever. As the contents of the bottle warm, the float in flakes will disappear and the oil become clear. A little sediment in the bottom of a bottle is also unimportant, as new olive oil, when bottled early in the season, is apt to deposit sediment even after careful filtering.

The ultimate test of quality is the palate, but this requires a nice discrimination born of practice. According to an eminent authority on the subject, it has been demonstrated that, while the tip of the tongue discriminates between pungent tastes, such as pepper and mustard, and the central part as to sweets and bitters, the back part of the tongue and throat must be called upon for the proper tasting of oils, fats and butters.

Good olive oil when tasted by itself should be pure and simple. Olive oil does not improve with age and should not be bought in quantities that would hold over more than a year. Properly kept, where it is dry, cool and dark, it may retain its sweetness and freshness for full two years, but not longer.

### How to Clean Paint Brushes.

To clean paint brushes first soak the brushes in turpentine and afterward wash in soapy water in which a little soda is dissolved. For brushes that have been used for varnish use spirits of wine or methylated spirit instead of turpentine.

## CORRECT CORSET GOODNESS

EXPERIENCE has taught us that in no other article of a lady's wardrobe, is correct fit and the proper model so vital a consideration as that of a corset.

The shape of your figure and your comfort depend almost entirely upon this garment.

That is why you should exercise care in selecting the proper style for your particular form.

Kabo Corsets give correct corset goodness and we ask your inspection of our varied assortment of this well known brand. We have a Kabo style for every figure.
